

eKiosk Solutions

Convergence.net provides web-enabled kiosks that are extremely affordable, portable, and easy to deploy. The Convergence eTicketing Platform now has an eKiosk store option which is designed for use recently introduced touchscreen products. Touchscreen notebooks, tablet PC's, and all-in-one PC configurations are now available for under \$1,000 from major PC suppliers.

Integration with the Convergence eTicketing Platforms gives our eKiosks instant ticket creation and editing and real-time reporting via our web management dashboard. eKiosk stores be also configured as affiliates allowing different pricing and ticket selection per kiosk.

Now Attractions and Events can afford multiple kiosks and easily move eKiosks to anywhere within the park, event, or offsite marketing partners. Our eKiosks give your Group Sales and Marketing departments unprecedented selling power and allow Operations to reduce lines and labor costs.

eKiosk Applications

- ◆ Ticket Booths
- ◆ Roving Sales
- ◆ Credit Union Offices
- ◆ Shows in the Park
- ◆ Convention Centers
- ◆ Travel Club Offices
- ◆ Events in the Park
